INDEX TO VOLUME 10

The star (*) preceding the page number indicates an original article in the Archives. No author entries are made except for original articles. Book Reviews, Obituaries and Society Transactions are indexed under these headings in their alphabetical order under the letters B, O, and S, respectively.

PAGE

Abscess, epidural, of spine, rôle of focal infection and trauma in..... 660
lung, occurrence of, following operations on tonsils *423
of brain..... 103
of cerebellum 689
of temporal lobe following radical operation 434
of temporal lobe, following acute otitis media 432
periesophageal, and edema of larynx after swallowing a bone..... 439
peritonsillar, etiology and therapy of..... 196
peritonsillar, leading to thrombosis of jugular vein and sepsis..... 440
peritonsillar, sharp guarded forceps for evacuating *192
peritonsillar, thrombosis of veins in sore throat and..... 690
retropharyngeal, in mastoiditis..... 690
retropharyngeal, of otitic origin..... 205
submucous, of esophagus as result of swallowing a bone..... 439

Actinomycosis, study of 10,000 pairs of tonsils, with reference to presence of cartilage, bone, tuberculosis and bodies suggestive of.....*127

Adenoids, hyperplasia, with lymphatic leukemia 435
in adults; clinical study..... *70
influence of, on hypophysis..... 646
relation of, to nasopharyngeal diseases.. 645

Allergy: See Anaphylaxis and Allergy

Amygdalectomy: See Tonsillectomy

Anaphylaxis and Allergy in rhinology..542, 564
advances in field of, as related to otolaryngology during years 1928-1929..*521

Anesthesia with a hypnotic preparation.. 435

Aneurysm, basilar, and deafness..... 657
paralysis of vocal cord due to..... 550

Angina, pathogenesis of sepsis after..... 431

Anthony, D. H.: Mastoidectomy suction tips *192

Antrum, cytologic examination of; review of cases to determine relationship between cytologic and x-ray and pathologic observations..... *1
epistaxis of antral origin.....*633
retractor for doing radical operation on. 550

Aorta, relation of, to esophagoscopy.....*447

Aphasia 667

Ayer's spinal manometer in lateral venous sinus phlebitis 541

Bacher, J. A.: Phenylamino-ethanol sulphate in rhinology.....*189

Bacillus abortus infection after tonsillectomy 554
mucosus capsulatus in spinal fluid.....685

Bag, portable nose, throat and ear treatment case *518

Basilar membrane, limited lesions of..*624, 703

Bast, T. H.: Osteogenesis of human periotic capsule *459, 693

PAGE

Bentley, M.: Psychologist's interest in hearing *282

Blackmar, F. B.: Chart for repeated functional hearing tests.....*516

Blood picture in aural suppuration complications 681
sinuses, fetal, persistence of, and their relation to middle ear spaces.....*266

Blue Drum Membrane: See Tympanum

Bone, deficiency diet and skeleton; especially bone diseases of head..... 551
study of 10,000 pairs of tonsils, with special reference to presence of.....*127

Book Reviews:
Diseases of the Thyroid Gland; A. E. Heitzer 107
Mastoids; F. M. Law..... 711
Otosclerosis: A Résumé of the Literature to July, 1928, Compiled under the Direction of the Committee on Otosclerosis, of the American Otological Society 330
Review of the Nose, Throat and Ear and their Diseases. In Original Contributions by American and European Authors. Edited by C. L. Jackson and G. M. Coates..... 330
The Tonsils and Adenoids and their Diseases: The Part they Play in Systemic Diseases; I. Moore..... 107

Boyd, E.: Simple instruments for direct intubation and extubation.....*193

Brain: See also Cerebellum; Dura; Meninges
abscess of 103
abscess of frontal lobe..... 676
abscess of meningitis secondary to infection of craniopharyngeal canal and.... *39
abscess of subdural space..... 670
abscess, pneumoencephalitis with..... 674
abscess, treatment of..... 671
diseases and sphenoid suppuration, relationship between..... 645
intradural suppurative diseases result of otitis or sinusitis..... 662
suppuration, pathology of..... 664
tumors, advances in intradural surgical technic 661
tumors, auditory hallucinations in..... 643

Bronchiectasis, and sinusitis, relationship of *152

Bronchus, cockle-burr in left main stem of. 558
organic stricture of lower end of trachea and 691
pipe stem in left main stem of, in child.. *73

Brunner, H.: Postoperative sinus thrombosis *217

Butler, D. M.: An irrigating cannula-rasp for maxillary sinus.....*420

Cancer, bilateral malignancy of middle ear. 200
of larynx 202
of larynx, report of unusual cases.....*585

Carpenter, E. R.: Optic nystagmus test..*299

Cartilage, study of 10,000 pairs of tonsils with special reference to presence of..*127

Case, portable nose, throat and ear treatment case *518

Cavernous sinus, meningitis and phlebitis of, following degeneration of cholesteatoma 433

PAGE

Cellulitis: See Orbit
Cerebellum abscess....676, 689
changes in inner ear and, in pathologic fetal position.... 540
Cerebrospinal Fluid, bacillus mucosus capsulatus in.... 685
ferment in.... 644
in suppuration.... 682
Chart for repeated functional hearing tests.*516
Cholesteatoma, exclusion of labyrinth by... 434
meningitis and phlebitis of cavernous sinus following suppurative degeneration of a.... 433
primary, of temporal bone....*398
Chondroma of ethmoid.... 195
of larynx....*241, 548
Clerf, L. H.: Chondroma of larynx....*241
Colbert, R. M.: New operating attachment for catheterizing eustachian tube.... *421
Cranium, entrance of air into cavity following traumatism 94
fibromatous polyp of base of, value of preliminary operation 690
fracture, cerebrospinal rhinorrhea and pneumocephalus following.... 654

Davis, A. D.: Plastic surgery of the ear, nose and face....*575
Deafness: See also Hearing
chronic, classification of.... 699
cortical 642
endocrine study of 1,000 case histories.. 696
impaired hearing and meningeal symptoms in aneurysms of base with subarachnoid hemorrhage 657
in central nervous diseases (Schilder's disease) 655
limited lesions of basilar membrane..*624, 703
negative pressure in diagnosis and treatment of, preliminary note on.... 707
progressive, report of committee on study of 696
Diet and diseases of lymphatic system.... 550
deficiency, and diseases of sinuses.... 551
deficiency, and skeleton, especially bone diseases of head.... 551
Diphtheria of ear....*296
Diplacusis and other uncommon symptoms in otitis media.... 195
Druss, J. G.: Intracranial complications associated with disease of sphenoid bone; report of 2 cases (1) meningitis secondary to infection of craniopharyngeal canal (?) and (2) abscess of the frontal lobe.... *39
Duke, W. W.: Advances in field of allergy as related to otolaryngology during years 1928-1929....*521
Dura, intradural conditions in relation to rhinology and otology.... 636

Eagleton, W. P.: Intradural conditions in relation to rhinology and otology; review of literature....*636
Ear, acoustic innervation.... 638
and nose in diagnosis of general disease of central nervous system.... 654
diphtheria of....*296
early stages of development in human embryo 693
inner, and cerebellar changes in pathologic fetal position.... 540
laboratory aids in diagnosis of aural intracranial complications 681
middle, malignancy of, bilateral, with autopsy findings.... 200
middle, spaces, persistence of fetal blood sinuses and their relation to....*266

Ear—Continued PAGE
middle, suppuration of.... 433
osteogenesis of human periotic capsule..*459
plastic surgery of nose, face and.....*575
prosthetic aids in reconstructive surgery about the head.... 201
tests in central degenerative lesions.... 655
traumatic conditions in workers in an atmosphere of compressed air....*113
Edema, chronic (idiopathic elephantiasis) of mucous membrane of nose, pharynx and larynx.... 434
of larynx and periesophageal abscess after swallowing a bone.... 439
Electrical shocks from diagnostic instruments *520
Ellett, E. C.: Relative importance of disease of nasal sinuses as cause of disease of optic nerves.... *49
Empyema, of ethmoid bone.... 435
Encephalitis, nonpurulent, following otitis.. 674
Endocrine study of 1,000 case histories.... 696
Endothelioma of larynx.... 549
Endothermy in laryngology.....*276, 556
Epinephrine probe test, a vasomotor reflex phenomenon shown in, by hot caloric irritation of labyrinth.... 323
Epipharynx, basal cell carcinoma of..... 437
Epistaxis of antral origin....*633
Esophagoscopy, relation of aorta to.....*447
Esophagus, esophageal varices persisting after splenectomy *409
perforation, report of 6 cases.... 543
stricture, complete.... 558
submucous abscess of, as result of swallowing a bone.... 439
Ethmoid Bone, inflammatory destruction of, and perforation into cranial cavity.... 438
carcinoma of.... 436
chondroma of.... 195
empyema of.... 435
mucocele of frontal sinus and labyrinth of 440
Eustachian Tube, new operating attachment for catheterizing the....*421

Face, plastic surgery of ear, nose and....*575
Fetus, inner ear and cerebellar changes in pathologic fetal positions.... 540
Figi, F. A.: Stenosis of nasopharynx....*480
Fistula, arteriovenous, congenital, in the tympanum *32
healed, of semicircular canals.... 433
Forceps: See also Instruments
new tonsil suture....*300
sharp guarded, for evacuating peritonsillar abscesses....*192
Foreign Bodies, changes caused by, which may simulate tuberculosis.... 327
edema of larynx and periesophageal abscess after swallowing a bone.... 439
exophthalmic goiter caused by an iodoform tampon 437
in trachea and pleuritis of mediastinum.. 93
mediastinitis and general infection after swallowing a needle.... 439
pipe stem in left main stem bronchus of child *73
submucous abscess of esophagus as result of swallowing a bone.... 439
Fowler, E. P.: Limited lesions of basilar membrane *624, 703
Frontal Sinus, hypernephroma of.... 440
mucocele of, and of labyrinth of ethmoid bone.... 440
right, carcinoma of.... 440

INDEX TO VOLUME 10

PAGE

Fuller, T. E.: Report of case of pipe stem in left main stem bronchus of child.. *73

Gangrene, pulmonary, Vincent's organism in *384
Glottis, sulcus glottideus..... 436
Goiter, exophthalmic, caused by an iodoform tampon 437
Grove, W. E.: Primary cholesteatoma of temporal bone *398

Hagens, E. W.: Acute suppuration of temporal bone; report of case..... *21
Hallucination, auditory, in cerebral tumors. 643
Hamlin, F. E.: Calculus of submaxillary gland and duct.....*177
Harris, M. L.: Zinc ionization in intermittent nasal obstruction..... *75
Head, bone diseases of, and deficiency diet. 551
cutaneous innervation of..... 636
surgery, reconstructive, prosthetic aids in. 201
Headaches, and systemic disturbances of nasal ganglion origin.....*337
Hearing: See also Deafness
acoustic innervation..... 638
automobile drivers hard of..... 92
effect of audible and of subaudible vibrations on.....*472
from psychologists point of view..... 702
mobilization of ossicles of ear in order to improve 321
tests, chart for repeated functional test..*516
the psychologist's interest in.....*282
Hemangioma of middle concha of nose.... 437
of nasal mucous membrane, severe epistaxis from 434
Hemorrhage, from hemangioma of nasal mucous membrane..... 434
Herpes laryngis *16
Hubert, L.: Radium therapy in atrophic rhinitis with offensive odor (ozena)...*166
Hunnicutt, L.: Cytologic examination of antrum; relationship between cytologic and x-ray and pathologic observations. *1
Hyoid Bone apparatus, human, clinical and roentgenologic observations concerning anomalous processes of ossification of. 326
Hypernephroma, of frontal sinus..... 440
Hypopharynx: See Pharynx

Infection, focal, and trauma, rôle of, in production of epidural abscess of spine. 660
with gas-forming microbes..... 327
Instruments: See also Bag; Forceps
irrigating cannula-rasp for maxillary sinusitis *420
simple, for direct intubation and extubation *193
Iodized Oil in diagnosis of sinus conditions *603
outlining maxillary sinus by injection of iodized poppy seed oil, 40 per cent under pressure 203
Ireland, J.: Rhinolith; report of case.....*190

Jacobson's Organ: See Vomeronasal Organ
Jones, I. H.: Effect of audible and subaudible vibrations on acuity of hearing.*472

Kemler, J. L.: Ozena; report of cases..... *61
Kleinert, M. N.: Occurrence of lung abscess following operations on tonsils; report of 2 cases.....*423
Knudsen, V. O.: Effect of audible and of subaudible vibrations on acuity of hearing *472
Kopetzky, S. J.: Acute and chronic otitis media and sinus thrombosis.....*302

PAGE

Labyrinth, a vasomotor reflex phenomenon shown in epinephrine-probe test by hot caloric irritation of..... 323
exclusion by a cholesteatoma..... 434
of shark..... 687
LaMotte, W. O.: Acute infectious mononucleosis from the point of view of an otolaryngologist *171
Landon, H. R.: Herpes laryngis..... *16
Laryngology, address of president of American Laryngological Association..... 547
use of endothermy in.....*276
Larynx, cancer of, report of unusual cases.*585
carcinoma of..... 202
chondroma of.....*241, 548
endothelioma of..... 549
extirpation, loss of voice following..... 439
nontubercular lesions of, in tuberculous.. 559
papillomas of..... 197
paralysis, typhoid neuritis of recurrent nerves with paralysis of laryngeal dilators *513
pemphigus, primary in.....*188
roentgen injury of..... 436
synechia of vocal cords following curettage of..... 434
Lateral Sinus, use of Ayer's spinal manometer in lateral sinus phlebitis..... 541
Leptomeningitis, purulent (hemolytic streptococci) acute suppurative mastoiditis with 199
Leshin, N.: Sharp guarded forceps for evacuating peritonsillar abscesses.....*192
Leukemia, lymphatic, adenoid hyperplasia with 435
Leukocytes in mastoiditis..... 688
Lip, and right vocal cord, carcinoma of... 440
Lukens, R. M.: A portable nose, throat and ear treatment case.....*518
Lung abscess, following operations on tonsils, observations on occurrence of.....*423
suppuration of, and sinusitis..... 91
Lymphatic system, diet and diseases of.... 550

MacFarlan, D.: Electrical shocks from diagdostic instruments.....*520
MacKenty, J. E.: Cancer of larynx, report of unusual cases.....*585
Operative treatment of cleft palate; a new method.....*491
Mastoid antrum, mathematical determination of entrance to..... 689
Mastoidectomy, suction tips.....*192
Mastoiditis, acute; problem of early operation 687
acute suppurative, with purulent leptomeningitis (hemolytic streptococci).... 199
reaction of leukocytes in..... 688
Maxillary Sinus, outlining of, by injection of iodized poppy seed oil, 40 per cent under pressure..... 203
irrigating cannula rasp for.....*420
treatment of maxillary sinusitis..... 567
Mediastinitis and general infection after swallowing a needle..... 439
Mediastinum, pleuritis of, and foreign bodies in the trachea..... 93
Ménière's Disease: See Vertigo
Meninges, calcification of, with nasal pathologic changes..... 563
coincidence of calcification of, and nasal pathology 543
Meningitis and phlebitis of cavernous sinus following suppurative degeneration of a cholesteatoma 433
diagnosis of.....683, 685

Meningitis—Continued PAGE
of otitic and nasal origin..... 683
secondary to infection of craniopharyngeal canal and abscess of frontal lobe..... *39
Vincent's organism in.....*384
virulence of, the result of thrombosis of cavernous sinus..... 653
Meyer, O. O.: Relationship of sinusitis and bronchiectasis *152
Mononucleosis, acute infectious; from point of view of an otolaryngologist.....*171
Mouth, carcinoma of..... 437
Moyer, J. S.: Esophagoscopic study of esophageal varices; report of 2 cases persisting after splenectomy.....*409
Relation of aorta to esophagoscopy.....*447
Murphy, A. B.: Pemphigus primary in larynx *188
Muscles, stapedius, function of, in man.... 320
Myerson, M. C.: Simplified investigation of sphenoidal sinus.....*616

Nasopharynx diseases and adenoids..... 646
stenosis of.....*480
Nelson, R. F.: Adenoids in adults; clinical study *70
Nerves, acoustic, small tumors of..... 318
optic, conditions of, caused by disease of sinus *248
optic, relative importance of disease of nasal sinuses as cause of disease of... *49
recurrent, typhoid neuritis of, with paralysis of laryngeal dilators.....*513
Nervous diseases, ear tests in central degenerative lesions..... 655
system, central, general disease of, ear and nose in diagnosis of..... 654
system, neurobiotaxis (a physical law in structure of nervous system)..... 636
system, neurologic aspects of nasal sinus infections; headaches and systemic disturbances of nasal ganglion origin....*337
system, syphilis of..... 656
tissue, advances in knowledge of anatophysiology of, in relation to nose and ear 636
Neuralgia of superior laryngeal nerve..... 691
Neuritis, optic, following sphenoid sinuitis 650
retrobulbar, causes of..... 544
typhoid, of recurrent nerves with paralysis of laryngeal dilators.....*513
Neurobiotaxis *636
Nose, crooked and broad, osseous, correction of 323
deviated or luxated septum, origin and surgical correction of..... 692
diseases of, and calcification of meninges, coincidence of 543
diseases of, coincident with meningeal calcification 563
hemangioma of middle concha of..... 437
intermittent nasal obstruction, zinc ionization as treatment for..... *75
pharmacologic reactions in erectile tissue and subepithelial net of capillaries in.. 692
plastic surgery of ear, face and.....*575
prosthetic aids in reconstructive surgery about the head..... 201
pseudotumor of nasal cavity..... 438
Nussbaum, D.: Diphtheria of the ear....*296
Nystagmus, aural 689
in traumatic and experimental lesions of cerebellum 676
miner's, and vestibular turning nystagmus, relation between..... 322
optic, test *299

OBITUARIES:
Richardson, Charles William, 1861—1929
Ophthalmia, metastatic, after otogenous sinus thrombosis 688

PAGE
Optic Nerve: See Nerves
Orbit, cellulitis, Vincent's organism in....*384
Osteogenesis of human periotic capsule *459, 693
Osteomyelitis of frontal bone..... *89
of frontal bone, Vincent's organisms in..*384
Otilith Apparatus in man, experiments concerning the function of..... 319
Otitis complicating pneumonia in children.. 687
media, acute, abscess of temporal lobe following 432
media, acute and chronic, and sinus thrombosis *302
media, caused by diplococcus lanceolatus 433
media, diplacusis and other uncommon symptoms in 195
media, fibrinous 433
media, in pneumonia during childhood.. 432
media with mastoiditis 433
nonpurulent encephalitis resulting from. 674
or sinusitis causing intradural suppurative diseases 662
Otolaryngology, anatomic instruction for graduate students in..... 709
phonetics in relation to..... 206
progress in.....*77, *302, *426, *521, *636
Ozena: See Rhinitis, atrophic

Pace, P. T.: Phenylamino-ethanol sulphate in rhinology *189
Palate, cleft, new method for operative treatment of *491
soft, mixed tumors of, report of 2 cases and survey of literature..... 561
Papilloma of larynx..... 197
Paraffin prosthesis in septum, forcing out of a 438
Paralysis, bilateral posticus paresis..... 439
of left vocal cord due to aneurysm..... 550
postoperative bilateral posticus..... 437
Pearlman, S. J.: Sharp guarded forceps for evacuating peritonsillar abscesses.....*192
Pemphigus, primary, in larynx.....*188
Periotic capsule, human, osteogenesis of... .....*459, 693
Pharynx, carcinoma of..... 436
carcinoma of wall of..... 440
embryology of pharyngeal hypophysis.... 647
hypertrophy of lymphoid elements of, causes of 551
retropharyngeal abscess in mastoiditis... 690
Phenylamino-ethanol sulphate in rhinology.*189
Phlebitis, lateral sinus, use of Ayer's spinal manometer in 541
Phlegmon, of throat, following tonsillectomy 436
Phonetics, in relation to otolaryngology... 206
Photomicrographs, reproduction of..... 429
Pituitary, influence of adenoids on..... 646
submucous pharyngeal hypophysis and anterior lobe of..... 645
Plasmocytoma 437, 438
Pneumocephalus and rhinorrhea following fracture of skull..... 654
Pneumo-encephalitis with brain abscess... 674
Pneumonia, otitis complicating, in children 432, 687
Polyp of base of skull, value of preliminary operation 690
polypoid sinusitis, treatment..... *72
